Make your life easier by using fiskaltrust services!

fiskaltrust offers tailor-made consulting services to help you certify your POS system. Whether you wish to certify your cash register software with LNE or Infocert, or to set up the individual attestation of the cash register software publisher; we have the solution for you!

Thanks to the integration of the fiskaltrust.Service into your system, you will meet the conditions of inalterability, security, data storage and archiving of data made mandatory by the Finance Act of 2016.

Our team of experts is also here to advise you and assist you in the certification process. You will have only one point of contact and fiskaltrust helps you to create your file for certification, manage the relations with the different organizations, follow the progress of the file, etc...

We put our expertise at your service so you can focus on your core business!
